Achieving this decorative, random pattern with the Athena Stone is easy. You will need the "Athena Medium & Small Pack" and "The Athena Large Pack." Then just follow these 4 simple steps:

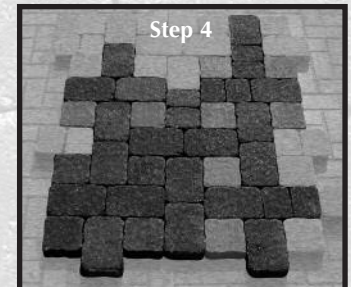

Start by making a cross shape using 4 of the large (A) pavers.

Next, fill in the intersections of the cross shape using the medium (B) pavers.

Repeat the cross shape, but for every 6 large (A) pavers used, substitute 2 small (C) pavers.

Continue, filling in holes with appropriate-sized pavers.
